

YOU ARE AFTER MONEY!

You Have Heard the Proverb:
"A Dollar Saved is a Dollar Earned."

—THAT IS A COLD, HARD FACT!—

A Dollar Spent Extravagantly!
Or Paid in Over-Charge is a Dollar Knocked Out
of Your Day's Earnings!

A Dollar Saved in Economical Trading
Is a Dollar Added to the Day's Wages!

We are after you with money in our hands in the way of a practical premium for your trade. We can save you money every time and we will do it and demonstrate the fact. We can make a dollar go as far as a dollar and a dime go elsewhere. That means that you are getting a premium of ONE DOLLAR on every ten you spend with us.

HERE IS MONEY FOR YOU—DO YOU WANT IT?
It is the strongest thing that either from doubt or dullness people go on wanting their money and dropping a dime out of every dollar spent into the over-charged slot of the high-priced trader's box, when the low-priced trader would drop that dime into the buyer's bank. There is a fact in finance, worth your consideration: If you put money out of interest, eight per cent. is as big a return as you can hope to get. You will probably be glad to get six per cent. on a safe loan. But

We Offer You TEN per Cent!
On every dollar you spend with us, and to spend money elsewhere is like loaning money without interest, when you might have ten per cent. Our goods are the best you can buy, our prices are the lowest, and we save you a dime on every dollar.

Mr. Robert Crowe, while returning from religious service Sunday evening and when just in front of Anderson's Barn, was stricken with epilepsy and fell from his horse. His fall was so sudden that his assistance immediately and medical aid was summoned. He was taken into the barn, but in a few minutes was removed to the Matthews Hotel and every assistance rendered. After several hours of most extraordinary pain, his sufferings were relieved sufficiently for him to be carried home, and at last accounts he was improving as fast as could be expected.

Most of the losses taken in this county by the McAlmont Oil Co. will appear within the next 30 days, on account of the company's failure (which is now inevitable) to bore and complete a well in the county inside of twelve months from date of lease. It is to be regretted that a test of the region, consisting of the rough creek split has not been made, because the surface indications point strongly to vast reservoirs of petroleum and gas. Perhaps the home company will do something yet, since their lease runs two years longer. They hold the cream of the promising territory, and have enough of it to justify the risk of a thorough trial.

Several changes took place in the Faculty of Hartford College with the beginning of the term. Miss Emma M. Ryan, who has had charge of the Art Department for three years and a half, takes a vacation of five months to prosecute her studies in art in Toronto, Canada. Under her charge, the Art Department flourished and has had before, in the art exhibitions of the past two years, many excellent works. Miss Ryan is a young lady of rare and exceptional talents, and with the respect and esteem of every one who knew her. Miss Annie Crawford takes charge of the Art Department. She is a pupil of Miss Ryan for two years and a half, during which time she gave evidence of superior artistic talent. Her productions in art work command favorably with older and more experienced artists. Those who continue as pupils of this Department, will have excellent instruction.

Miss Little Taylor, who filled the trying position of primary teacher satisfactorily during the last session, resigned to take a position in the bank of Hartford. Her place will be filled the remainder of the year by Miss Josie Duke, who is a graduate in the classical department and thoroughly competent to perform the arduous duties of this Department.

Mr. J. W. Lytle has been added to the Faculty and will assist in the College wherever his services are most needed. Mr. Lytle is a graduate from the Philadelphia college, and has recently taught two schools in the county. He is a young man of studious and sober habits, who will try to do good, and his presence will be a great benefit to the school.

Mr. Alva Jones, of Fortville, will teach a singing school at Croppers Depot, in Shelby county. Mr. Jones is one of our promising young men and will be a great help to the school for the people where he is going.

Dr. Isaac Foster and D. F. Tracy are constructing the handiest and most complete horse-drawn car ever seen. The model will soon be completed and as soon as it is ready will apply for a patent. Those interested in horse cars should not fail to see it when they come to town.

C. B. Sullenger has been appointed deputy sheriff to fill the vacancy caused by the resignation of Ben Newton, who is now a candidate for the nomination for county judge. Mr. Sullenger is a thorough-going business man and will be a great help to the county.
